

SARAVANAN R

ASP.NET Core MVC Developer (Fresher / Career Switcher)

Chennai, India | +91 78450 78033 | saravanan1821987@gmail.com

GitHub: github.com/saravanan1821987-sys

CAREER OBJECTIVE

Motivated and self-driven ASP.NET Core MVC developer seeking an entry-level or junior developer role. A career switcher with strong hands-on project experience, eager to build scalable and maintainable web applications using modern .NET technologies.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, Bootstrap, Razor Views

Backend: C#, ASP.NET Core MVC, Entity Framework Core (Basics)

Database: SQL Server (Basic CRUD, Joins)

Tools: Visual Studio 2022, Git & GitHub (Basics)

PROJECT EXPERIENCE

Bible College Student Attendance Management System (In Progress)

Technologies: ASP.NET Core MVC, C#, Entity Framework Core, SQL Server

- Currently developing a student attendance and record management system for a Bible college.
- Implementing student registration, attendance tracking, and role-based access (Admin, Staff).
- Attendance design planned based on region and class schedules.
- Focused on backend logic, MVC architecture, and database design.
- Project reflects real-world domain understanding and CRUD operations.

Personal Portfolio Website

Technologies: ASP.NET Core MVC, C#, HTML, CSS, Bootstrap

- Developed a personal portfolio website following MVC architecture.
- Implemented pages: Home, About, Skills, Projects, and Contact.
- Added resume view and download functionality.
- Built responsive UI using Bootstrap and Razor views.

EDUCATION

Bachelor of Computer Applications (BCA)

Completed: 2010

ADDITIONAL INFORMATION

- Career switcher with strong commitment to learning software development.
- Good problem-solving ability and patience in debugging.
- Basic English communication skills.
- Actively improving advanced ASP.NET Core concepts and deployment practices.

Declaration: I hereby declare that the above information is true and correct to the best of my knowledge.
